OF HEART DISEASE.

OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, diziness, smothered sensations and other distressing symptoms.

Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on Materia Medica for the cure of just such cases. Golden Seal root, for instance, is said by the United States Dispensators, a standard authority, "to impart tone and increased power to the heart's action." Numerous other leading authorities represent Golden Seal as an unsurpussed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb general tonic. But probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root, or Collinsonia Can., Prof. Wm. Paine, author of Paine's Epitomy of Medicine, says of it:

"I, not long since, had a patient who was so much oppressed with valvular disease of the heart that his friends were obliged to carry him upstairs. He, however, gradually recovered under the influence of Collinsonia (medicinal principle extracted from Stone root), and is now attending to his business. Heretofore physicians knew of no remedy for the removal of so distressing and so dan gerous a malady. With them it was all guess—work, and it fearfully warmed the afflicted that death was near at hand. Collinsonia unquestionably affords relief in such cases, and in most instances offects a cure."

Stone root is also recommended by Drs. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart.

Stone cases, and in most instances affects a one."

Stone root is also recommended by Drs. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and permanent influence."

"Golden Medical Discovery," not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the lowels and curing catarrha: affections in all parts of the system.

A WOMAN TO BE PRETTY

No Matter What Color.

Must Have Luxuriant and Glossy Hair,

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scaip to the root of the hair, where it saps the vitality. The lit-tle white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop failing hair, that germ must be killed. Newbro's Herpicide, an entirely new re-sult of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c, in stamps for sample to The Herpicide Co., Detroit, Mich.

A VISIT TO HADES.

A strange religious sect which has been bolding its meetings in a tenartless house on the outskirts of Colorado Springs, Col., has among its regular attendants a Miss Hamilton, who says her first name must not be revealed until the Lord gives permission. She is strikingly handsome and seems to be completely under the influence of the leaders of the

One morning last week persons living in the vicinity of No. 806 east Cimarron stree', where the meetings are held, were disturbed and frightened by the cries, as if someone were in agony, that came from the place, and they sent in a hurry call for the police.

When the officers arrived on the scene they were ushered into a darkened room, where prostrate on the floor lay the beautiful girl, while the handful of men and women around her were raising their hands in supplication and loudly calling for the delivery of her soul from the nether regions.

"It is hot; I am burning up!" cried the girl. "I can't get out of this!" And the expression on her face denoted terror. The police left the place with out making any arrests. The next morning Miss Hamilton was visited at the home of a family named Blackat. No. 404 south El Paso street, by a reporter.

Miss Hamilton said: "I went through the place of hell last night and saw heaven. They tell me I was two hours and a half in

hell, but it seemed to me an intermi-nable time. Three years ago I became possessed of the devil. Try as I would could not shake off his influence. He nad me so that I could not even kneel. Last night I went to the meeting. It was the same way. The devil still had me, and for a long time I was helpless.
"I went out from the meeting-room into a dark room by myself, and I had hardly entered when I saw the devil come through the window. Yes, he was in the flesh, like a man. He had harns, but his claws were the most terrible feature, and I felt myself in his grasp. My sufferings were too terrible to relate. I felt that I was smothering, and I strug-

gled to get out of the room. "When I opened the door leading into the other room I fell flat upon my face, exhausted. Then it was that the devil east me into a lake of fire. I felt the pain, and it seemed that I should never come out of that terrible place. I called

tomless pit, seething in a molten mass, and all about me was fiery vapor. Only the devil was there. I felt that he was crushing me while I was being consumed in the fiames.

"Suddenly a vista seemed to open. I saw a strange light. Gradually I became as a strange light. Gradually I became enveloped in it, and then it was that I ed the new general up, embraced and enveloped in it, and then it was that I ed the new general up, embraced and enveloped in it, and then it was that I ed the new general up, embraced and enveloped in it, and then it was that I ed the new general up, embraced and enveloped in it, and then it was that I ed the new general up. saw the mansions in the skies. They are much the same as the mansions and buildings of a large city. I saw Jesus sitting on a throne, and he said: 'Come unto me.' There were angels, and they were playing on harps and singing beautiful songs.

"The next thing I knew I seemed to waken, and again I felt my presence on earth and saw the people standing over me in the room. I knew that I was saved. I have been cleansed in the blood of Christ."

Watching Dead Wife.

Every night for two weeks W. H. R. Roth, a rising young engineer of Potts-town, Pa., has sat at the side of a coffin, ooking on the face of his dead wife and holding a stiff, icy band in his own. As has been stated in the Gazette, while has been stated in the Gazette, while earth was being thrown on the coffin in Mount Zion Cemetery. Roth ordered the work to stop. He declared he could not bear to see the body of his wife hidden by clay, and that he would watch the white, fixed face by night and every day lay fresh flowers on the coffin.

Roth's actions have caused great upcasiness to his relatives and friends. He is keeping the body in an undertaker's
